

"PRESSURE INSTRUMENTATION FOR THE TOUGHEST APPLICATIONS"

ACCESSORIES, OPTIONS & CUSTOM ENGINEERING

Paine Electronics offers an **extensive line of pressure and temperature accessories**, options and **Custom Engineering** services to help make the measurement of pressure or temperature easy. From adapters, connectors, cable assemblies, brackets, seals, tools and more, we can help solve and engineer any design, installation and/or servicing issues you may have.

Paine Electronics also offers sub-assembly design as well as manufacturing services to help support major programs and projects. **Let us help you design the best possible solution versus just making off the shelf products work.**

Innovative Solutions: Providing customers with reliable innovative solutions since 1951, we are in the business of developing pressure and temperature instrumentation to meeting the demands of the toughest applications. Our years of experience in diverse industries has given us the knowledge to support just about every application.

- High & Low Temperature
- High & Low Pressure
- Intense Vibration
- Shock & Acceleration
- Highly Corrosive Media
- Acoustic Noise
- Electromagnetic Pulse
- Electrostatic Discharge
- Shock & Acceleration
- Humidity

Accessories & More:

- Mating Connectors
- Port Adapters
- Pressure Seals
- Studs
- Snubbers
- Cable Assemblies
- Shock Isolation Assemblies
- Seal Extraction Tools
- Brackets & Clamps
- Special Packaging

Engineering: Our Engineers help customers transition pressure and temperature measurement requirements into reality. With design experience in the fields of Aerospace, Military, Nuclear, Geophysical, Petrochemical, Oceanographic and Industrial, our staff is ready to help support your next project or program.

Advanced Machining & Fabrication: State of the art machining equipment and staff to support any project size.

Contact us today for more information on Accessories, Options and how we can support your next program and/or project with Accessories and Custom Engineering.

Paine Electronics, LLC is a ISO-9001:2000/AS9100 Registered Company

Datasheet P/N: 247-XX-XXX-DS_REV-A
